Lady Elizabeth JONES, who owned the lordship of the manor of High Littleton and a considerable amount of land and property in the parish, died without issue in 1800. Under her Will she devised her manors of Stowey and High Littleton to her nephew William Jones BURDETT. In 1804 BURDETT commissioned Joseph WOLLEN of Wedmore to produce a valuation of his estate in High Littleton and Hallatrow. For the purpose of the valuation WOLLEN used SMITH's map of 1793, as updated in 1799. Various additions to the schedule have been made afterwards from time to time.

There appears to have been some omissions and errors in the schedule and the transcriber has highlighted these by showing them in italics.
