

HIGH LITTLETON MARRIAGES NOT IN REGISTER OR OUT OF PARISH & INDEX

As well as High Littleton marriages that have been discovered in other parishes, details of marriage licences have also been recorded below. High Littleton was without a vicar from 1685 to 1737 and only a very few marriages took place there in that period. Quite a lot of marriages that would otherwise have taken place at High Littleton have been discovered in neighbouring parishes. There is evidence of a number of High Littleton couples going to Bristol to marry (St. Mary, Redcliff church being especially popular) and falsely claiming to be "of that parish". However, unless their parish was actually recorded as High Littleton, they have not been recorded below. In the list below the location of a marriages is shown in the right hand column. The Index begins on Page 9.
